INTRODUCTION

What is the Anzac Day Commemoration Fund?

The ANZAC Day Commemoration Fund was established by the *ANZAC Day Commemoration Act 2005*. The Act states that the Fund may be applied by the Minister for Veterans' Affairs after consultation with the Veterans' Advisory Council.

Applicants can seek funding for eligible projects that commemorate ANZAC Day, educate the community about the significance of ANZAC Day or are of benefit to the veteran community.

A maximum of \$100,000 in grant funding is available for distribution in the 2022-2023 financial year. There will be one funding round in this period.

The ANZAC Day Commemoration Fund is administered through Veterans SA, which provides the administrative support for an annual competitive grants process to distribute payments from the Fund.

ELIGIBILITY CRITERIA

What type of projects can the grant be used for?

Under the *ANZAC Day Commemoration Act 2005*, the Fund may only be applied for specific purposes. Grants from the Fund in 2022-23 may be used for:

- Projects conducted by an organisation established for the purpose of helping or supporting, or having a membership consisting of or including, veterans or the spouses, domestic partners, children or other dependants of veterans (such as an ex-service organisation)
- Projects with the purpose of educating the community about the significance of ANZAC Day
- Projects with the purpose of conducting commemoration services on ANZAC Day.

Grants will not be distributed for:

- Any projects which do not align with any of the three purposes listed above from the *ANZAC Day Commemoration Act 2005*
- Applicant organisations which are not based in South Australia
- Ongoing expenditure (such as electricity bills or wages)
- Major capital works

- Annual events beyond their first year. Note applicants may apply for seed funding for the first year of an event planned to become an annual occurrence
- Food or catering
- Costs relating to existing staff salaries
- Travel, accommodation or entrance fees
- Retrospective funding for projects already completed.

Which organisations are eligible to apply?

Organisations are eligible to apply if they are:

- An incorporated organisation established for the purpose of helping or supporting, or having a membership consisting of or including, veterans or dependants of veterans. This includes ex-service organisations.
- A local government authority, a school, or an incorporated not for profit organisation, provided that the applicant's project has the purpose of educating the community about the significance of ANZAC Day or conducting commemoration services on ANZAC Day.

In addition, applicant organisations must:

- Have an ABN
- Have met requirements for any previous grants received from Veterans SA, such as acquitting or reporting on grants.

Organisations not meeting these requirements, such as unincorporated organisations, may partner with a lead applicant which meets eligibility requirements.

Applications must be authorised by an appropriate executive member of the organisation. Incomplete applications may not be accepted.

An applicant may only submit one application. Should an applicant submit two or more applications, all those applications may be deemed ineligible.

GRANT AMOUNT & GRANT PERIOD

How much can I apply for?

There is no minimum amount required for an application.

The grant process is competitive and applications may be funded in full, be partially-funded or not funded at all.

What amount of funding is available?

A maximum of \$100,000 in grant funding is available for distribution in the 2022-2023 financial year.

The Government of South Australia reserves the right to not distribute the full amount.

When are applications due?

Applications for the 2022-23 funding round close at 5:00 pm ACDT on 7 November 2022.

Late applications will not be considered.

ASSESSMENT PROCESS & CRITERIA

What is the grant assessment process?

After you submit an application you will receive a receipt of your application via email.

Stage one – Application screening

Once the round has closed, Veterans SA will screen all applications to check that:

- the applicant and project are eligible – ineligible applicants or projects will not be progressed to assessment
- the application has been completed in full and all supporting documentation has been provided – incomplete applications may not be progressed further
- the applicant does not have any outstanding obligations for previously awarded grants – applicants with outstanding obligations may not be progressed further.

Stage two – Assessment against criteria

Applications that progress to stage two will be assessed by a sub-committee of the Veterans' Advisory Council (VAC).

The Sub-Committee will assess each application on merit, based on how well it meets the evaluation criteria and how it compares to other applications. The sub-committee will seek endorsement from the VAC.

The VAC will review the sub-committee's assessment and make recommendations to the Minister for Veterans' Affairs for each application. The VAC may recommend an application be funded in full, be partially funded or not funded at all.

The Minister will consider the recommendations of the VAC and will approve how the Fund will be applied for 2022-2023.

At any stage during the process, applicants may be contacted for clarification on their application.

The panel from the Veterans' Advisory Council will assess eligible applications against the following evaluation criteria.

- | | |
|--------------------------------------|---|
| 1. Project planning and impact (25%) | Does the application clearly define the project's outcomes? Does the application describe how the impact of the project would be measured? Are there realistic project plans and milestones? |
| 2. Value for money (25%) | Would the project provide value for the South Australian community using government money? Would the project be sustainable after completion and not create an ongoing need for funding from government? Are there commitments of co- |

	contributions from the applicant or another organisation where appropriate?
3. Contribution to the Community (20%)	Does the application clearly identify how the project will contribute to the community? Would it complement rather than duplicate what is already existing in the community?
4. Addressing an Identified Need (15%)	Does the application identify a need and describe how the project would address the identified need?
5. Organisational capacity (15%)	Does the application include evidence that the applicant organisation has capacity to deliver the proposed project and achieve the stated outcomes? Does the applicant have the necessary skills, knowledge and experience to deliver the project?

Please note only evidence presented in the application will be assessed.

Who is Veterans SA?

In 2008, the South Australian Government was the first state jurisdiction to recognise the importance of a state-based Veterans' Affairs portfolio and as a result Veterans SA was established.

We envisage a strong, vibrant, well-supported and represented veteran community, inclusive of all generations, that is understood and acknowledged by all South Australians.

As the lead advocate across the Government of South Australia on matters relating to veterans and their families, Veterans SA works with ex-service organisations and civic groups that provide support to members of the community when and where it is needed most.

The agency also plays a role in sharing information about services, programs and opportunities across South Australia that are available to families and those who have served in the Australian Defence Force.

Veterans SA works with the veteran community to ensure commemoration activities are supported and that occasions of military and historical significance are remembered and preserved for all South Australians.
